Dear Commissioners:

I strongly hope that you will oppose the plan to provide the major media owners with the right to purchase and own unlimited numbers of newspapers and radio and television outlets. The current standards on ownership should be tightened rather than staying the same or being loosened.

Yours very truly,

Dear Chairman Michael Powell,

I do not want to see more consolidation  
in our news media, we have too much now.

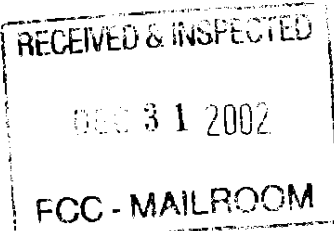

Please tighten the standards to restrict  
the monopoly of the news media in America.

I am a WW II veteran that wants all  
our Constitution protected for all the people.

Dear Chairman Michael K. Powell & Commissioners,

I am opposed to all plans to loosen current ownership restrictions. Please tighten current standards and restrict the growth of the media monopoly in America.

Here is why; Edgar Bronfman, Sumner Redstone, Rupert Murdoch, S.I. Newhouse, Mortimer Zuckerman, and Lawrence Tisch are wanting more power to put small news people out of business. These people mentioned want a total monopoly on the news sources and shut everyone else out.

The only thing that deregulation will do is give ownership and control into the hands of fewer and fewer families and financial groups is not widely debated or understood.

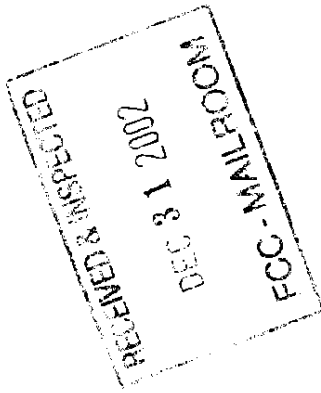

So many readers who think they are getting alternative information from other news sources are victims of the growing media monopoly that prefers to keep its concentration of elite ownership out of the realm of public understanding and discussion.

Sincerely yours
